

Best Poster Awardee

Awarded to **Daniel Andrés Triana Camacho**

Universidad Industrial de Santander, Colombia

for presenting the poster entitled:

Python Script in the processing of electrochemical impedance spectroscopy and current

transient measurements for the determination of the chemical capacitance

at the “3rd International Conference on Theoretical and Condensed Matter Physics”

held during October 19-21, 2017 in New York, USA

The award has been attributed in recognition of research paper quality, novelty and significance.

Sergey V Kravchenko
Northeastern University, USA
